DISCLAIMER FOR ALL CLIENTS: The information provided in sessions is for educational and spiritual purposes only. Celestial Healer, LLC. and Amy Stafford accept no liability for actions and decisions you make based on sessions.

REIKI DISCLAIMER: I understand that Reiki is a simple, gentle, hands-on-energy technique that is used for stress reduction and relaxation. I understand that Reiki practitioners do not diagnose conditions, nor do they prescribe or perform medical treatments and medication, nor do they interfere with the treatment of a licensed medical professional. I understand that Reiki does not take the place of medical care. It is recommended that I see a licensed physician or licensed health care professional for any physical or psychological ailment I may have. I understand that Reiki can complement any medical or psychological care I may be receiving. I also understand that the body has the ability to heal itself and to do so, complete relaxation is often beneficial. I acknowledge that long term imbalances in the body sometimes require multiple sessions to facilitate the level of relaxation needed by the body to heal itself.

PSYCHIC READINGS & SPACE CLEARING DISCLAIMER: Psychic readings and space clearing only facilitate how you spiritually cope with any given situation or space. They are not substitutes for medical, financial, or legal counseling. The information provided is for educational and spiritual purposes only. Celestial Healer, LLC. and Amy Stafford accepts no responsibility or liability for actions and decisions made by clients even when clients base their actions and decisions on a reading or clearing.

LOST ANIMAL DISCLAIMER: Please know there is no guarantee that through the consultation and through the information received that the animal will be found. Unfortunately, there are too many elements that are not in our control. Amy Stafford will do her best in determining whether the animal is still in his body or not. She will also do her best to find out whether the animal is still roaming around or has been picked up and the details associated with that. Amy Stafford is not able to give you an address because that is not how the animals see the world; instead, they see the world based on their environment. Therefore, she will focus on the details of the environment where the animal is: type of ground, houses, buildings, roof tops, type trees, plants, flowers, a body of water, type and color of cars, other animals, type of fences, things that can be heard, smells, etc. When the consultation is finished, the animal does not continue to talk with Amy Stafford or send new images. The next step is for you to do your best to locate your animal based on the information provided. If you have not been able to find her/him within a few days, and you would like updated information, please schedule another session.

I have read the above PRIVACY NOTICE and DISCLAIMERS and am in agreement.
