REIKI INTRODUCTION

Reiki is a simple but powerful hands on/off healing technique that creates balance and harmony within the Mind, Body and Spirit. It is a healing energy therapy that works with the body's own healing capabilities. Science has demonstrated energy fields are associated with every living being. Eastern healers have known this for centuries and Western healers are beginning to realize that the quality of flow of this bio-field energy can deeply affect the quality of life and overall health. When your life energy is low, it is more difficult to deal with stress and you are more susceptible to illness.

PRICE AND PAYMENT

The price for services is provided when making an appointment. Payment is due in full at the end of each session. Payment can be in the form of Venmo, personal checks or cash (discount is given with cash payments). Please give a minimum of 24-hour notice to cancel a session. Insurance is not accepted.

CLIENT RECORDS

All records are confidential and will not be shared with anyone else.
